*Lake Research Partners designed and administered this pre-election and election night omnibus survey which was conducted by phone using professional interviewers November 6-8, 2016. The questions about voting and the demographics reached a total of 2,400 likely voters nationwide who voted in the 2016 elections – 1401 interviews among voters who were reached on cell phones and 999 interviews among voters who were reached on landlines. Issue questions reached a total of 1,200 likely voters nationwide who voted in the 2016 elections (margin of error of +/-2.8%). The data were weighted to reflect the aggregated Presidential vote as reported in the 2016 exit polls, as well as by gender, age, race, party identification, education, marital status, union household, and census region to reflect the actual proportions of the electorate. The survey has a margin of error of ±2.0% at the 95% confidence interval.*

**[SUNDAY and MONDAY INTERVIEWS]**

**Q2.** Often things come up and people are not able to vote. Thinking ahead to Tuesday's elections, how likely are you to vote? Are you almost certain to vote, will you probably vote, are the chances about 50-50, will you probably not vote, or will you definitely not vote? IF CALLER SAYS THEY ALREADY VOTED PROBE: Did you vote absentee, by mail, or did you vote earlier in-person?

|   |                    |    |    |    |
|---|--------------------|----|----|----|
| Almost certain. ....                            | 70                 | 66 | 71 | 72 |

| Probably vote .....                             | <b>[TERMINATE]</b> |    |    |    |
| About 50-50 .....                               | <b>[TERMINATE]</b> |    |    |    |
| Probably not vote .....                         | <b>[TERMINATE]</b> |    |    |    |
| Definitely not vote .....                       | <b>[TERMINATE]</b> |    |    |    |

**[TUESDAY INTERVIEWS]**

**Q7.** Many people did not get a chance to vote in this election for U.S. Congress and other offices. How about you? Were you able to vote Tuesday, or did you vote earlier in this election before Tuesday, are you voting later on Tuesday, or like many people, did you not get a chance to vote? Did you vote in person, by mail, or by absentee ballot?

|  |                    |    |    |    |
|--|--------------------|----|----|----|
| Yes, voted on Election Day in person. ....               | 53                 | 48 | 56 | 55 |
| Yes, voted on Election Day by mail/absentee ballot. .... | 7                  | 8  | 8  | 5  |
| Yes, voted early in person. ....                         | 28                 | 30 | 24 | 27 |
| Yes, voted early by mail/absentee ballot. ....           | 6                  | 7  | 2  | 7  |
| Voting later Tuesday. ....                               | 7                  | 7  | 10 | 5  |

## DEFINITIONS OF CREATED VARIABLES

### EDUCATION

#### **H.S./Less**

Respondents with no more than a high school diploma.

#### **Post H.S.**

Respondents with some post high school education, such as technical or vocational school or some college education or a junior college degree.

#### **Non-college grad**

Respondents who do not have a college diploma.

#### **College graduate +**

Respondents with at least a college degree.

#### **4-year College grad**

Respondents with a 4-year college degree but no post graduate education.

#### **Post-graduate**

Respondents with a 4-year college degree and a post-graduate degree.

### PARTY ID

#### **Democrat**

Respondents who identify themselves as Democrats.

#### **Independent**

Respondents who identify themselves as independents.

#### **Republican**

Respondents who identify themselves as Republicans.

**PARTY ID (CONT)**

**Indep. w/weak partisan**

Respondents who identify themselves as independents or as not strong Republicans or Democrats.

**PARTY ID STRENGTH**

**Strong Democrat**

Respondents who identify themselves as strong Democrats.

**Weak Democrat**

Respondents who identify themselves as not strong Democrats or as independents who lean towards Democrats.

**Weak Republican**

Respondents who identify themselves as not strong Republicans or as independents who lean towards Republicans.

**Strong Republican**

Respondents who identify themselves as strong Republicans.

**REGION**

**New England**

Respondents who live in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island or Connecticut.

**Middle Atlantic**

Respondents who live in New York, New Jersey or Pennsylvania.

**East South Central**

Respondents who live in Tennessee, Alabama, Mississippi, or Kentucky.

**West South Central**

Respondents who live in Arkansas, Louisiana, Oklahoma, or Texas.

**South Atlantic**

Respondents who live in Delaware, Maryland, District of Columbia, West Virginia, North Carolina, South Carolina, Georgia, Virginia or Florida.

**East North Central**

Respondents who live in Michigan, Illinois, Indiana, Wisconsin, or Ohio.

**West North Central**

Respondents who live in Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska, or Kansas.

**Mountain**

Respondents who live in Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah or Nevada.

**Pacific**

Respondents who live in California, Oregon, Washington, Alaska or Hawaii.

**Northeast**

Respondents who live in the New England or Middle Atlantic regions.

**Midwest**

Respondents who live in the East North Central or West North Central regions.

**South**

Respondents who live in the South Atlantic, East South Central, or West South Central regions.

**West**

Respondents who live in the Pacific or Mountain regions.

## SURVEY METHODOLOGY

Lake Research Partners designed and administered this survey which was conducted using professional interviewers from November 6-8, 2016. The questions about voting and the demographics reached a total of 2,400 likely voters nationwide who voted in the 2016 elections – 1401 interviews among voters who were reached on cell phones and 999 interviews among voters who were reached on landlines. Issue questions reached a total of 1,200 likely voters nationwide who voted in the 2016 elections (margin of error of +/-2.8%).

Telephone numbers were drawn from the Catalist voter file. The sample was stratified geographically based on the proportion of likely voters in each region. The data were weighted to reflect the aggregated Presidential vote as reported in the 2016 exit polls, as well as by gender, age, race, party identification, education, marital status, union household, and census region to reflect the actual proportions of the electorate.

The margin of error for total likely voter sample is +/-2.0%. In interpreting survey results, all sample surveys are subject to possible sampling error; that is, the results of a survey may differ from those which would be obtained if the entire population were interviewed. The size of the sampling error depends upon both the total number of respondents in the survey and the percentage distribution of responses to a particular question. For example, if 50% of respondents in a sample of 2,400 respondents answered “Yes” to a particular question, we can be 95% confident that the true percentage will fall within 2.0 points, or from 48.0% to 52.0%. The table below represents the estimated sampling error for different percentage distributions of responses. The margin of error is higher among subgroups.

**Margin of Error  
for Different Percentage Distributions and Different Sample Sizes  
(95% confidence)**

| Sample Size | PERCENTAGES NEAR |     |     |     |            |     |     |     |     |
|-------------|------------------|-----|-----|-----|------------|-----|-----|-----|-----|
