This resource is provided by Community Catalyst, a national, nonprofit consumer advocacy organization dedicated to making quality affordable health care accessible to everyone. It is for general education only, and should not be viewed as a substitute for a consultation with a medical or health professional. Always consult a qualified health care provider for professional medical advice, diagnosis and treatment of a medical or health condition, or to discuss the risks and benefits associated with taking or not taking any drug.

Dates of anticipated generic drug entry were collected from a variety of news and professional sources. To determine whether a drug is available as a generic, visit the commercial website www.GoodRx.com, and search for the drug by name. If you are looking for affordable alternatives, please visit our site http://www.communitycatalyst.org/projects/prescription_access_and_quality/tools_for_consumers
